Summary

Bilingual Full Stack Developer blending nutrition expertise and Full Stack Web Development certification from Butler University. Honed communication skills as a Noom Inc. health coach, adept at understanding and meeting client goals. Passionate about user-centric mobile-first design.

Technical Skills

HTML5, CSS3, JQuery, Javascript ES6+, TypeScript, Java, Bootstrap, AJAX, SASS, Tailwind CSS, Handlebars, React.JS, MySQL, MongoDB, Express.JS, Node.JS, Webpack, Jest, Python, GraphQL, Algorithms, AWS Lambda

Butler University Full Stack Developer Certification

- I successfully completed an intensive Full Stack Web Development program, securing the highest grade among all students. This accomplishment underscores my dedication to excellence and learning.
- Throughout the program, I deeply delved into every facet of the web development lifecycle, gaining hands-on experience across various cycles including design, development, and deployment.
- I achieved mastery in Object Oriented Programming, a pivotal skill that empowers efficient and organized coding practices. My proficiency in crafting web applications with exceptional user responsiveness and meticulous requirement gathering further sets me apart.
- Notably, I honed my problem-solving acumen to expert levels, effectively navigating complex challenges while consistently contributing to effective team dynamics.
- My grasp of Progressive Web Apps technology bolsters my ability to create forward-thinking, high-performance web experiences.

Projects

Full-Stack Martinez Cakes | github.com/JuanMartinez503/full-stack-cake-website

| Deployed martinezcakes.com

- Displays various cake information, options to leave reviews
- Sole author
